HELP GUIDE

W. Main Filter Area: DWS units take one main filter and one pre-filter. Look in the filter window to determine the main filter part number.

NOTE: You will notice that units that are 36 or 48 inches wide (DWS36 or DWS48) have an "XL" at end of the filter part number. 24 inch wide units (DWS24) do not have an "XL" as part of the filter part number.
