

Safekeeper®

Consumables Reorder Form

Maintaining your Air Science forensic drying cabinet just became easier.

Three easy ways to reorder service items for your forensic cabinet.

1. Fill out the form on the next page and fax it to 800-306-0677 or 239-489-0922; OR
2. Send an email to Air Science: reorder@air-science.com with the part numbers you need to order or attach a purchase order; OR
3. Complete your entire order online at www.filtcofilters.com.

			TOTAL:	_____	

HELP GUIDE

M. Main Filter Area: You need one HEPA filter and one carbon filter for each blue filter door. This unit happens to have two blue filter doors. You would need two carbon filters, two HEPA filters, and two pre-filters for this main filter area.

D. Door Filter Area: One pre-filter is needed for each door filter. This unit happens to need two pre-filters.

Units produced before 2005 take a different filter (part number ASTM-200). If you think your unit may take this filter, let us know. We will check your units history so that the correct filter is shipped.

Safekeeper® FDC-10D

DOES MY UNIT HAVE THE OPTIONAL SAFETY FILTER?

Look at the top of the unit. If you can see the filter bolted by screws, your unit has this option.

In the photo above, the filter can be readily seen on the top of the unit. If you just see solid white on top, it does not have the optional safety filter.

PURCHASE INFORMATION

Purchaser's Name: _____ Phone: _____ Email: _____

Ship to Name: _____ Ship to Address: _____

Credit Card Number (Not needed with PO): _____

Expiration Date: _____ CV Code: _____ Billing Zip Code: _____
